

HVAC XRef

Finding and comparing HVAC products has never been easier!

How It Works:

1. Visit hvaxref.com via VPN or Watsco Network.
2. Select your Business Unit and your branch, to change location, click the “gear” icon.
3. Start typing in the search box for instant product matches or to see your recent searches.
4. See direct matches, product specifications, and availability at your branch displayed at the top of the results page.
5. Find replacement products, their type (supersede or substitute), and availability within all Business Units shown below the original product.
6. Click the blue arrow for more details on replacement products, or the eye icon for availability details.
7. Compare multiple replacement products by adding them to the Compare bar and clicking the Compare button.
8. Submit feedback via the **blue FEEDBACK** button if you notice any issues.

Scan the QR code or visit hvaxref.com by clicking the link via VPN or Watsco Network.
